DETAILED ACTION

In the Preliminary Amendment dated January 26, 2004, Applicant has canceled claims **12-48** and amended the specification and claim **3** is acknowledged. Accordingly, claims **1-11** remain pending in this application, which is a divisional of Application Serial No. 10/119,920 filed 04/10/2002, US PAT 6,706,563.

Examiner's Amendment

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The application has been amended as follows:

In claim **3, 5, 6, 8 and 11**, "The structure" is changed to --The thermally enhanced Plastic Ball Grid Array (PBGA) package--.

Allowable Subject Matter

Claims **1-11** are allowed.

The following is an examiner's statement of reason for allowance: The prior art of record fails to teach or suggest the limitation recited a thermally enhanced Plastic Ball Grid Array (PBGA) package comprising a heat sink for mounting over a surface of a substrate of the thermally enhanced Plastic Ball Grid Array (PBGA) package, the heat sink comprises each lower

section of each of the heat spreader standoff sections comprising a U-shaped extrusion connected with the first horizontal section with at least one opening having been created through the lower side of the U-shaped extrusion as recited in independent claim 1; and a thermally enhanced Plastic Ball Grid Array (PBGA) package comprising a heat sink for mounting over a surface of a substrate of the thermally enhanced Plastic Ball Grid Array (PBGA) package, the heat sink comprises a lower section being connected with the center section of the heat spreader standoff section, the lower section comprising an essentially spherically shaped supportive metal interface between the first horizontal section of the lower section of the heat spreader standoff section and the surface of the substrate as a physical extension of the first horizontal section as recited in independent claim 9.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance".
